NEW YORK, September 15, 2011 – MDeverywhere, Inc, a leading provider of practice management and revenue cycle management solutions for physicians, today announced its ranking on *Inc.* magazine's fifth annual Inc. 500|5000, an exclusive ranking of the nation's fastest-growing private companies. The list represents the most comprehensive look at the most important segment of the economy—America's independent entrepreneurs. In a stagnant economic environment, median growth rate of 2011 Inc. 500|5000 companies remains an impressive 94 percent. The companies on this year's list report having created 350,000 jobs in the past three years, and aggregate revenue among the honorees reached \$366 billion, up 14 percent from last year.

"We are honored to be on the Inc. list of fastest growing companies in the United States. We have a terrific solution for medical providers, a great team and wonderful clients. We are building the preeminent company serving doctors and hospitals as they seek to streamline and automate their revenue cycle processes and increase their revenue," said Ann Bilyew, CEO of MDeverywhere.

The 2011 Inc. 500 is ranked according to percentage revenue growth when comparing 2007 to 2010. To qualify, companies must have been founded and generating revenue by March 31, 2007. Additionally, they had to be U.S.-based, privately held, for profit, and independent—not subsidiaries or divisions of other companies—as of December 31, 2010. (Since then, a number of companies on the list have gone public or been acquired.) The minimum revenue required for 2007 is \$100,000; the minimum for 2010 is \$2 million.
