MDeverywhere Announces partnership with Featherbone Medical, LLC

February 2, 2011 – MDeverywhere today announced a new partnership with Featherbone Medical, based in Gainesville, GA. Through this partnership, Featherbone Medical will promote the MDeverywhere revenue cycle solution to their customers.

"Most of the time I am calling on a surgeon to show a new product for him to utilize in surgery to improve outcomes for the patient. MDeverywhere gives me a product to discuss with my physician partners that can improve and enhance the profitability of their practice. MDeverywhere changes my role as a manufacturer's representative to a consultant concerned about both patient outcomes and long-term practice stability," said Ed Fickey CEO of Featherbone Medical.

"MDeverywhere's team is looking forward to working with the Featherbone Medical sales team and leading their customers forward with the MDeverywhere solution," said David Fetterolf, President of MDeverywhere. "We are confident that this partnership will be a very positive and financially successful step for both of our organizations."

Featherbone Medical LLC. represents the latest technologies in medical implant products, disposable post operative pain infusion pumps, allograft bone and tissue as well as synthetic products, and a full line of the highest quality German made instruments and implants on the market. We have new products in R&D for Urologists, spine products and defibrillators.

MDeverywhere offers a leading revenue cycle management solution for physicians. Its unique solution includes web-based practice management software, coding rules engines, contract monitoring tools and full-scope claims management and back-office services. MDeverywhere was founded in 1995 and currently serves over 3,500 physicians nationwide. Clients include sole practices, group practices, large faculty practices and hospitals in more than 60 different specialties. MDeverywhere is headquartered in Hauppauge, NY with additional locations in Research Triangle Park, NC and Noida, India.
