## **MDeverywhere Now Connected Directly to 10 Top Payors**

(February 2011) MDeverywhere, a leader in managing the revenue cycle process on behalf of physicians, has announced that it has built live direct connections to 10 major payor organizations. These direct connections will enable MDeverywhere to submit medical claims directly to these payors on behalf of clients and receive immediate feedback on claim status thereby shortening the payment cycle. MDeverywhere is one of the few companies in the revenue cycle industry that has these live direct “pipes” into a payor’s adjudication system.

Some of the payors with live connections include Aetna, Blue Cross/Blue Shield of Connecticut, Connecticut Medicaid, Florida Medicare, New York Medicaid, New Jersey Medicaid, New Jersey Medicare and Pennsylvania Medicare.

“These direct connections are the result of a significant development effort and will enable us to further accelerate the cash flow of our clients as we eliminate the clearing house hop, submit claims faster and have clear visibility into a payor’s adjudication systems to track claim status,” said Ann Bilyew, CEO of MDeverywhere. “These initial connections are only the first step, we will continue to build direct pipes wherever volume warrants. They are not easy to build but the real-time nature of these transactions offers tremendous benefit to our clients.”

MDeverywhere offers a leading revenue cycle management solution for physicians. Its unique solution includes web-based practice management software, coding rules engines, contract monitoring tools and full-scope claims management and back-office services. MDeverywhere was founded in 1995 and currently serves over 3,200 physicians nationwide.
