MDeverywhere Announces partnership with DoctorsManagement

August, 2009 – MDeverywhere today announced a new partnership with DoctorsManagement. Through this partnership, MDeverywhere is expanding its service offering in an effort to help practices increase collections and drive down costs. The following services are now available to all MDeverywhere clients.

- **Provider Credentialing** – Our service includes processing new applications, re-credentialing with existing plans and maintaining a web-based provider database.
- **Coding Audits and Seminars** – This service will ensure that our practices are compliant with all insurance carriers' regulations, while at the same time maximizing reimbursement.
- **Insurance Contract Negotiation** – Most practices have sub-optimal terms and fee schedules in their contracts with insurance carriers. MDeverywhere will review our practices payor contracts, analyze the payment data by carrier, develop a negotiation strategy and negotiate the contracts for our practices.
- **Power Buying** – Working with a comprehensive team of suppliers, MDeverywhere will lower our practices operating costs on clinical supplies, office supplies and pharmaceutical purchases.

We are very excited to partner with DoctorsManagement and know that our new service offerings will help improve collections for our practices while at the same time lowering their costs," said David Fetterolf, MDeverywhere's President.

Paul King, DoctorsManagement's President, resonates with the excitement of Fetterolf. "We are delighted at the prospect of working with MDeverywhere. They bring a great service to the table that we can offer to our customers with confidence. The combined service of our companies is a unique package that gives us a competitive edge in the healthcare industry."

DoctorsManagement is a premier consulting and management firm providing complete business services to medical practices across the country since 1956. As consultants, they are engaged to provide expertise and knowledge in a particular situation for a specific purpose. In other instances, they work with the client as a management arm to provide ongoing assistance to help raise the practice to the next level of operational efficiency and profitability. With its headquarters in Knoxville, Tennessee, DoctorsManagement has additional offices in Gainesville, Florida, Asheville, North Carolina, and Nashville, Tennessee. They have a staff of almost 100 consultants, specialists, and administrative personnel.

MDeverywhere offers a leading revenue cycle management solution for physicians. Its unique solution includes web-based practice management software, coding rules engines, contract monitoring tools and full-scope claims management and back-office services. MDeverywhere was founded in 1995 and currently serves over 2,500 physicians nationwide. Clients include solo practices, group practices and large faculty practices in more than 60 different specialties. MDeverywhere is headquartered in Hauppauge, NY with additional locations in Research Triangle Park, NC and Noida, India. To learn more about MDeverywhere, please call us at (866) 340-5500 or visit us at www.mdeverywhere.com.
